PC games have a lot of benefits: adaptability, very high frame rates, huge varieties, and – most importantly – low prices. If you're not looking for new AAA releases, you can save a lot of games without spending much. At any certain time, there are definitely thousands of cheap PC games available, but where do you start too? To shrink the selection, we've put together a list of our 30 favorite PC games that cost \$20 or less. Whether you're looking for updated, modern AAA titles like roaque, discounts from recent years that you haven't played before, story-driven titles, indie platforms, strange games, or remote ground, we've got games for you. Note: Prices and stocks may fluctuate. [Image credit: Respective developers] Now read: One of the best ways to escape 2020 dives into the best free games available right now. No matter if you just want diversity after work or deep diving into another world, you can do it without spending a bunch of money to do so. Just because they're free doesn't mean they're not as enjoyable as paid games. In fact, depending on the game, you might enjoy it even more. But be careful, because some of them make their money through microtransactions and booty boxes, which can ultimately take more of your money than paid games can be. With all the different options out there, whether you're looking for co-op PC games, the best PC games right now, steam deep catalogue, or even EA Origin customers, you can get a lot of mileage from the best free games for PCs. Originally designed as a kind of add-on for Fortnite, Battle Royale blows in a way no one expected, quickly becoming among the best free games 2020 has to offer. Fortnite Battle Royale is entirely based on an easy scenario: you're dropped on a map with 99 other players in a free melee for all, and the last one left standing at the end of the win. Due to its meteoric success, Epic Game is working hard to continuously integrate new game mods and fresh features. Take the Playground mod, for example - it falls you on a map and lets you build structures for a set amount of time before the flooding opens and the karnage begins. What's really cool is that with Fortnite, you can actually play with your friends, regardless of which platform they have. If you're on PC, Xbox One, iOS, Android or PS4, you'll be able to compete with millions of other players from all these different platforms. Play Fortnite Battle Royale for free 2. From independent developers and freejam publishers, Robocraft allows you to role jet cars (not jets and cars, but jet cars), tanks, airplanes, helicopters and drones. In doing so, you'll spend a lot of your time engaging in battles with other players online. Like vehicle-based Fortnite, you'll also play with a different combination of 250 preset blocks using a simple craft interface, allowing you to equip your preferred vehicle with your preferred weapon as well. Similarly, Robocraft allows you to create or participate in tribes with up to 50 members. In those tribes, you can invite friends to 'party' and play collaboratively in an attempt to defeat other teams. When everything is said and done, and you're happy with your invention, you can showcase it at the virtual Community Robot Factory to get likes and shares. (Image credit: SEGA)43. Total Battle of War: KingdomReal-time Strategy (RTS) games don't get bigger than those in the Total War series, and the latest contestant, Battles KINGDOM, is free to play.
